

# Safe Kids Safety Items

These items are available through Safe Kids Grand Forks. It is recommended that people call or email before stopping by for assistance to assure that someone will be in the office. Due to the nature of our work, we are often at events in the community and don't want to miss you. The office hours for each of our staff vary weekly based on our scheduled events.

Our mission at Safe Kids Grand Forks is to prevent unintentional injury and death to children. Our goal is not just to distribute items, but to educate parents and caregivers on their proper use and the importance of using safety items. You can also access more information at [www.safekidsgf.com](http://www.safekidsgf.com)
