

Safe Kids Grand Forks Coloring & Activity Book

Safe Kids

GRAND FORKS

Altru Health System is proud to serve as a lead agency for Safe Kids Grand Forks.
For information on childhood safety, contact Safe Kids Grand Forks at
701-780-1489 or chanson@altru.org.

Dear Parents,

On behalf of Safe Kids Grand Forks, we hope you and your children enjoy this coloring and activity book. It has been created as a means to teach children some simple safety tips while allowing them to be creative with a color crayon.

Safe Kids Grand Forks is an injury prevention coalition made up of many individuals, agencies, businesses and service clubs in the Grand Forks and East Grand Forks area. We are a member of Safe Kids Worldwide, headquartered in Washington D.C. and one of over 450 state and local coalitions around the United States and in 15 countries.

The focus of Safe Kids is to prevent accidental injury and death to children under age 14. Accidents are the leading killer of children in this age group and account for many deaths, emergency room or clinic visits and hospitalizations each year.

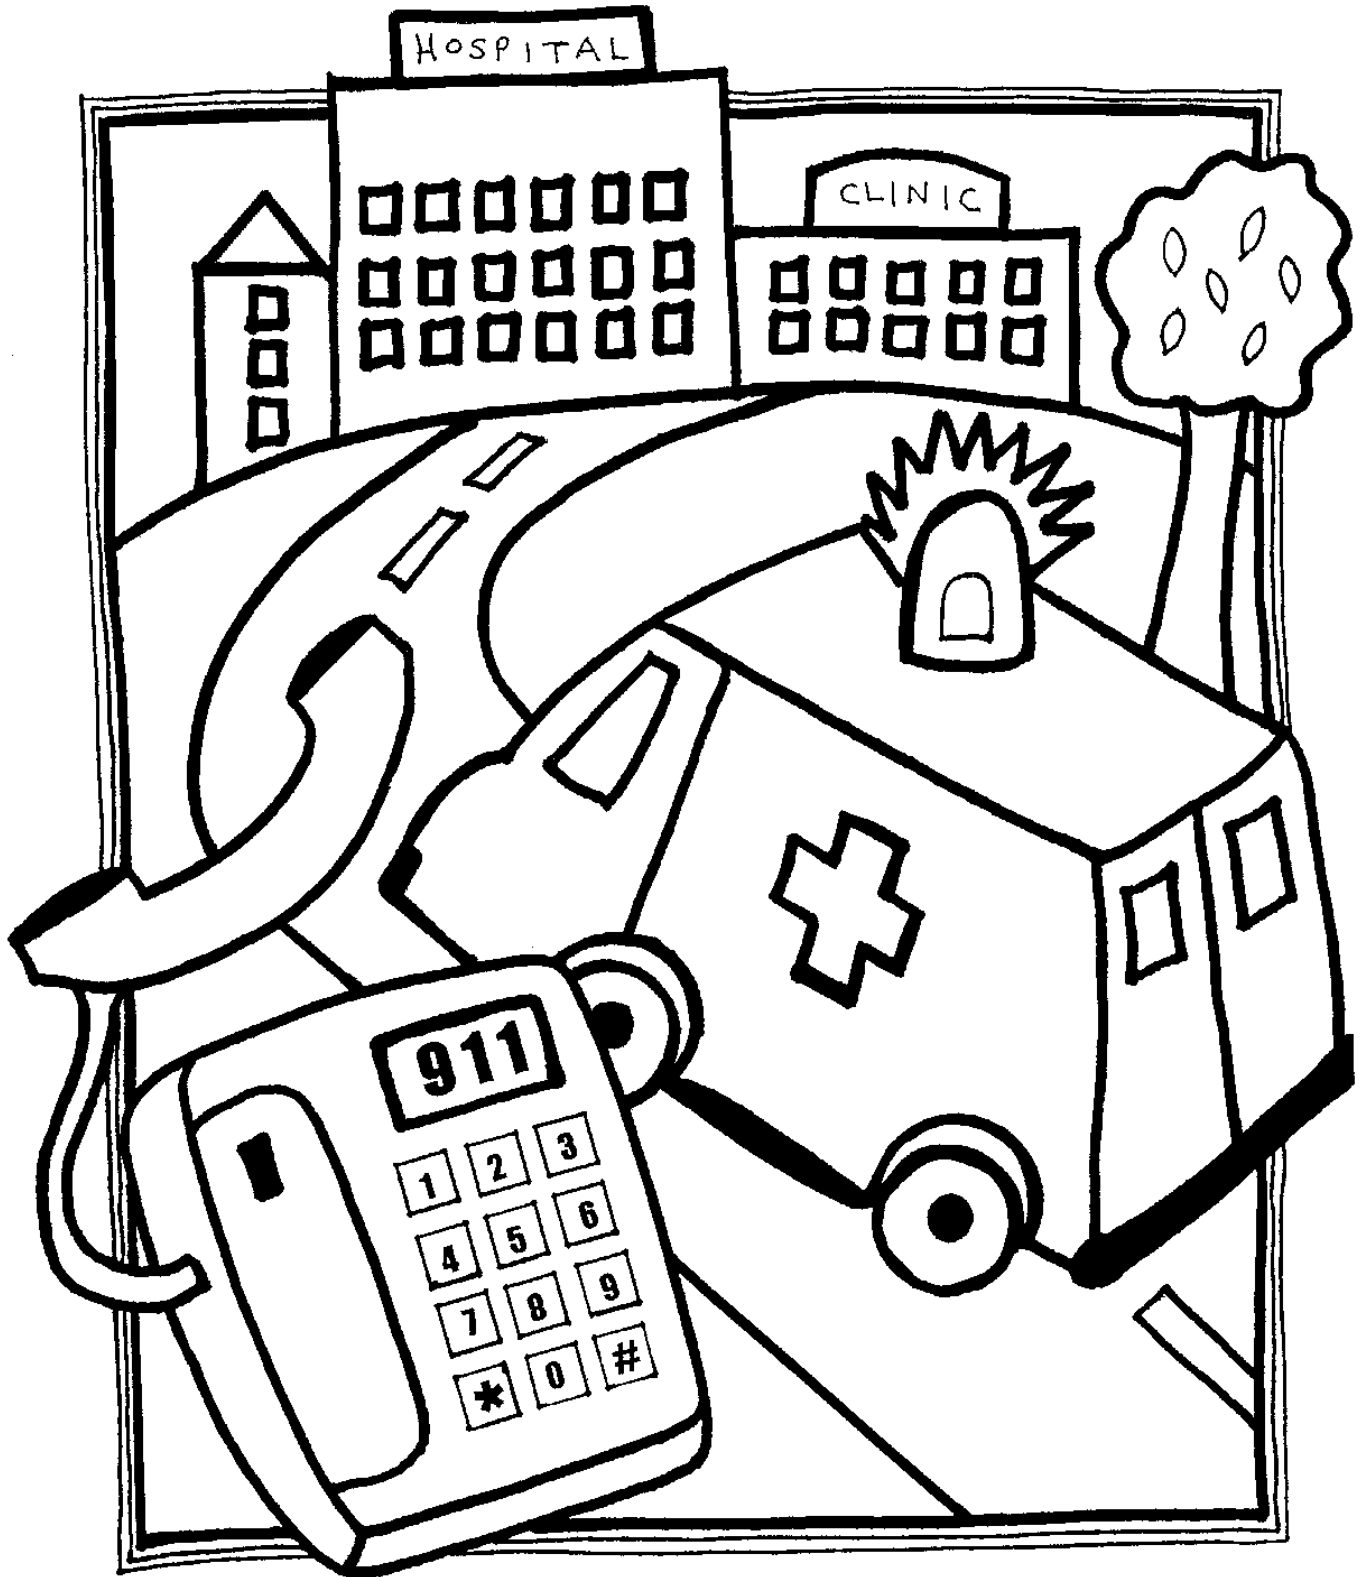

Safe Kids has resources in many areas of injury prevention for children. If you have questions or would like more information, please do not hesitate to contact us. Altru Health System is proud to serve as the lead agency for Safe Kids Grand Forks. For more information, please e-mail chanson@altru.org or call 701-780-1489.

Safe Kids Grand Forks would like to extend a special thank you to Megan and Michelle, who designed this book as a Gold Award Project as members of the Pine To Prairie Girl Scouts. Megan and Michelle are also car seat technicians who have given much of their time toward child passenger safety aspects of our injury prevention work. We thank them for their continued work with our coalition.

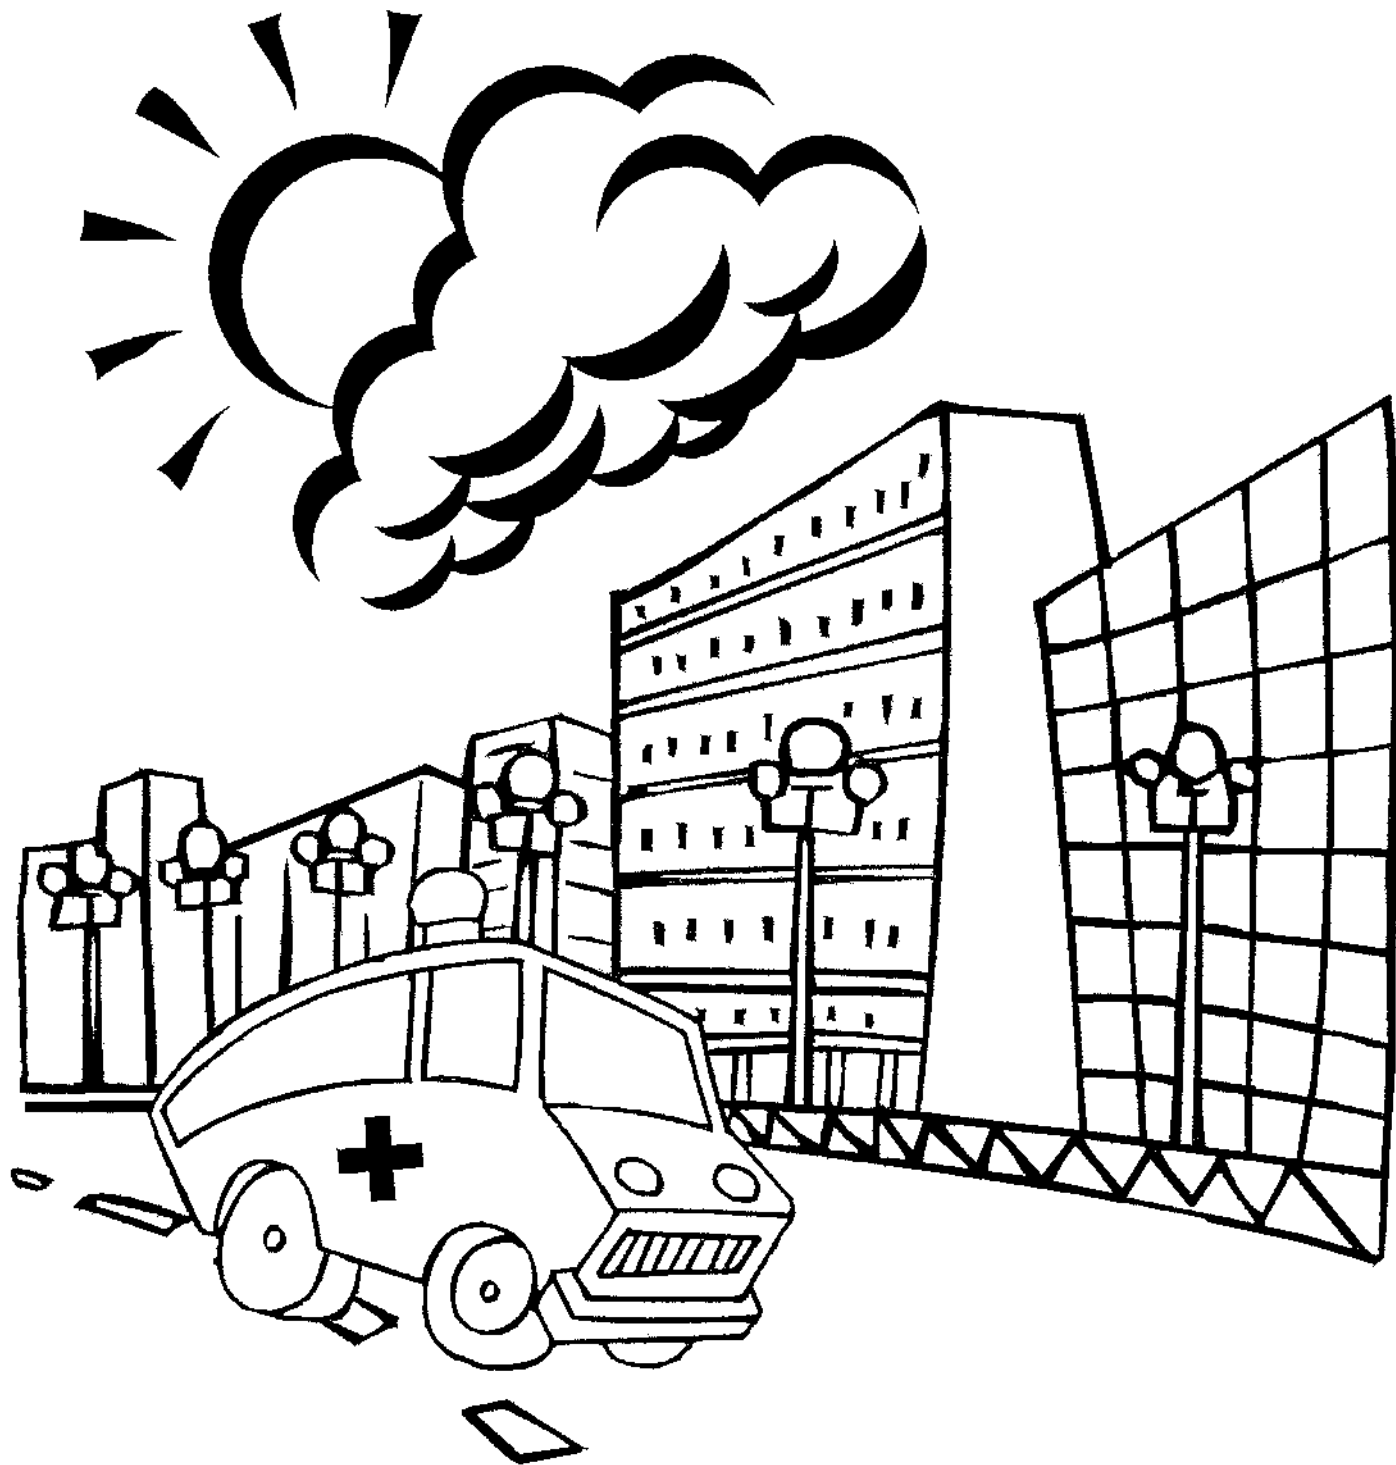

We would also like to acknowledge the business and organizations who sponsored this publication.

Carma Hanson, MS, RN
Coordinator, Safe Kids Grand Forks

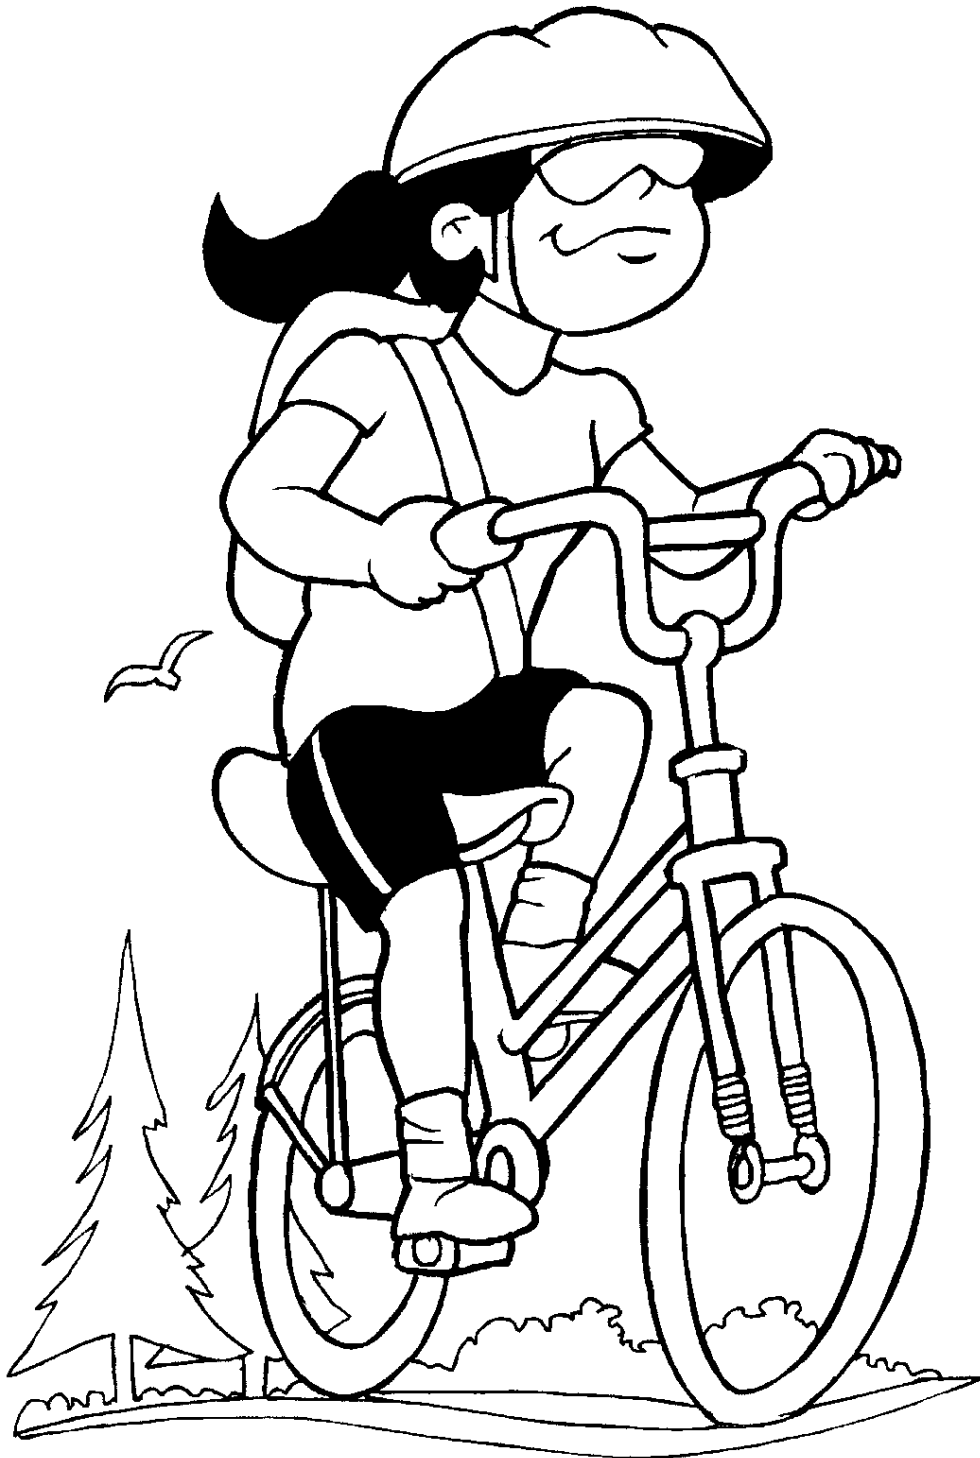

Safe Kids know how to call for help
in an emergency.

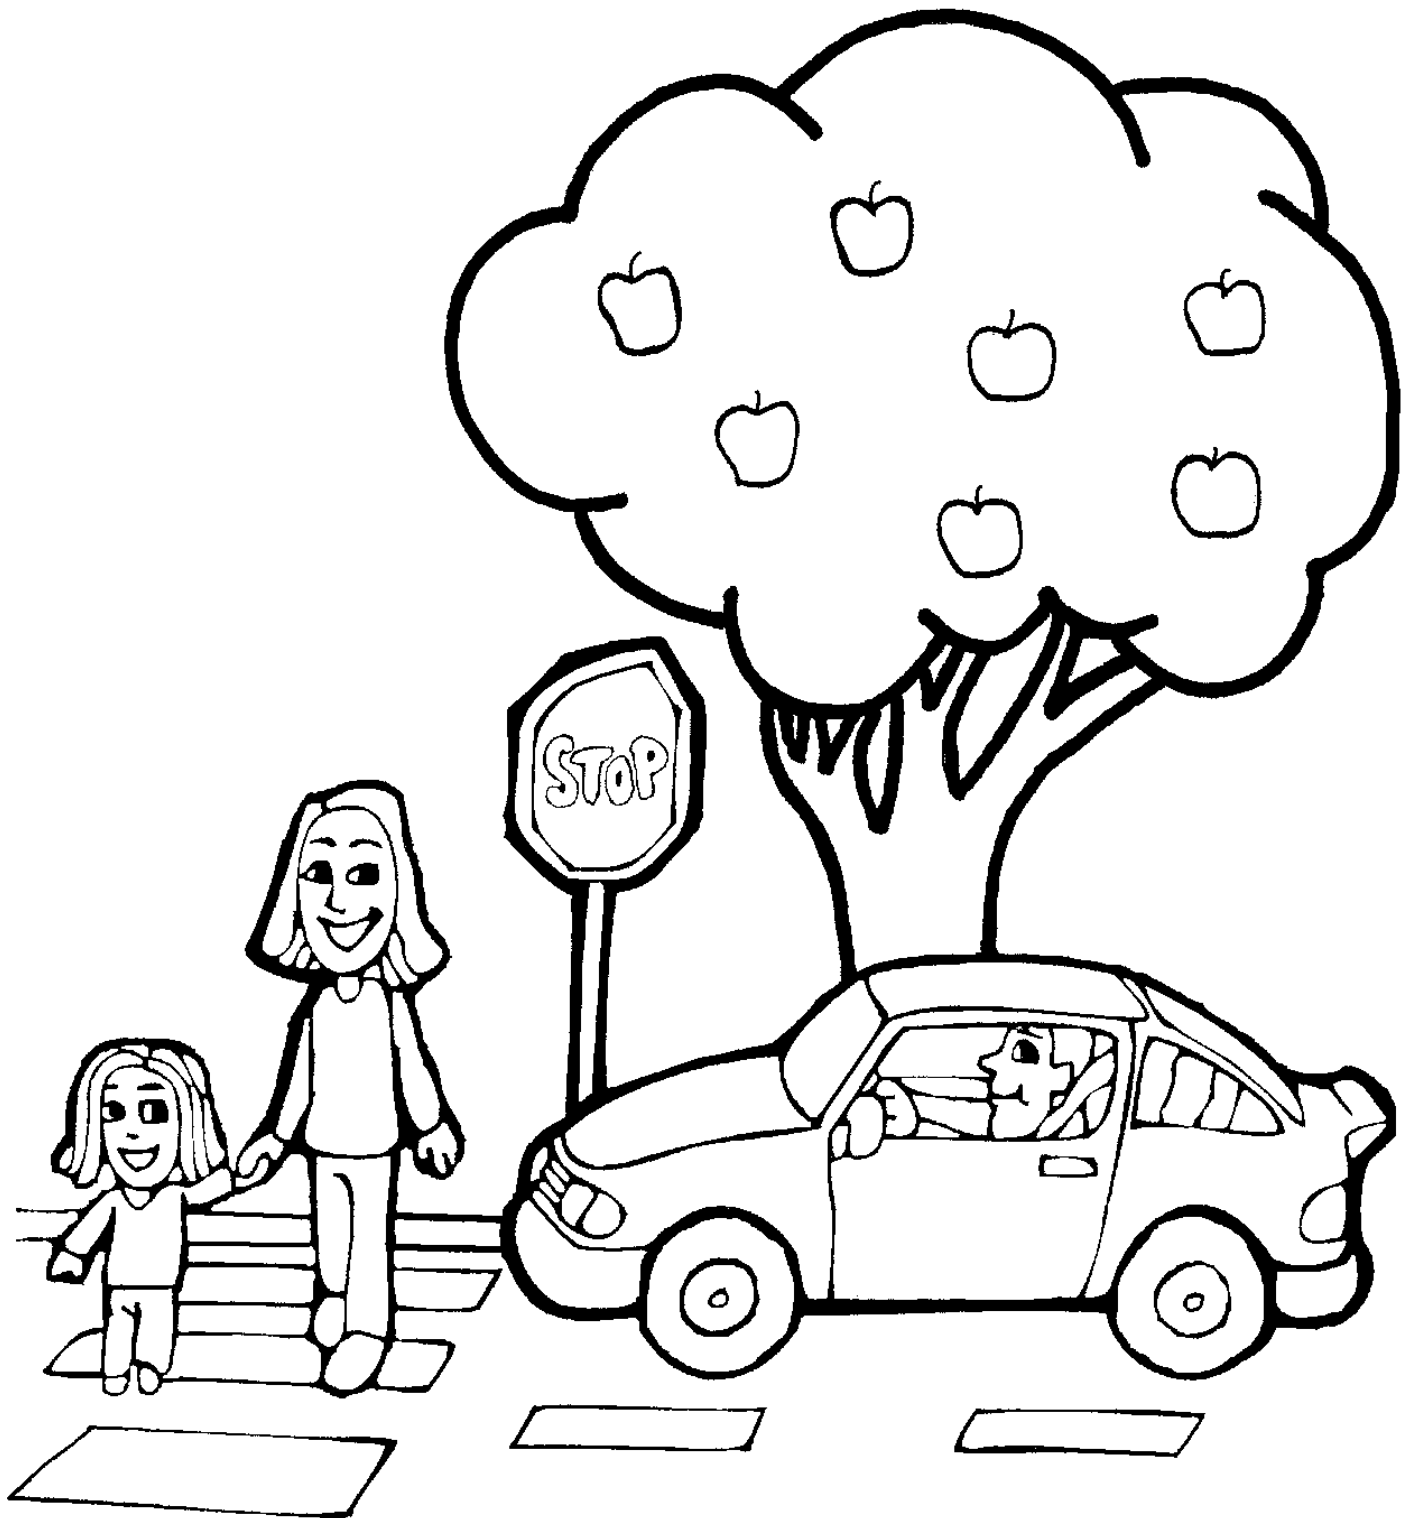

Safe Kids see a flashing light and remember to pull right (so emergency vehicles can pass)!

Safe Kids wear a helmet
when doing wheeled sports.

Safe Kids use a crosswalk
to get across the street.
